Time For Giving

The General Manager's Message

Managing our lives in this time of Covid 19

We are all forced to help our families to managing our resources during this world-wide pandemic. I submit that good advice can often be found in the proverbs we find amusing and sometimes forget. Here are a few along with my interpretation. Share them with the family.

"Hang yu hat whey u can reach it"

Avoid financial commitments that are likely to be unaffordable. Not only do you risk financial embarrassment, you risk a bad reputation and experience unhealthy stress.

"Tun yu han mek fashion"

Be creative, work hard and try to improve your situation with what you have. In the old days we would adjust our clothes to fit, mix and match and do innovative things with little. Many of us have lost these skills. Face masks can be made, not just bought.

"what sweet mout hurt belly"

Just like salt, sugar and alcohol, beware of fine things that affect us adversely later in life. Its interesting that the things we prefer are sometimes more expensive, less nutritious, riskier and not sustaining of life. Put another way, "less is more".

"When man belly full, him pocket bruk"

Looks can be deceiving, don't be easily impressed by others' appearances, impressions and offerings. People don't always talk about the losses or consequences of their risky lifestyles. Sometimes, hidden behind the apparent success is financial ruin. Be careful of fake news, especially now.

"every mickle mek a muckle"

Don't always despair with small gains as if consistent, they add up in the end. Small savings grow substantially over time. Maintain or Increase your Credit Unions savings by a small amount, forget about it and see what happens eventually. Members who practiced this habit are seeing the benefit during this Covid 19 era.

The Golden Harvest Savings Plan

You want to save for your child's education and wedding, a new car and home, travel, or maybe a comfortable retirement. Well, whatever you've planned on achieving, you can—whether you're here or not. The Golden Harvest Savings Plan is for all life's goals. You or your loved ones will be able to receive your entire savings goals, in the event of your total and permanent disability or passing (natural or accidental), so your dreams can still become a reality.*

How Do You Enroll in The Golden Harvest Savings Plan?

You are eligible to enroll in the Golden Harvest Savings Plan once you are a member of a Credit Union, or any of our trusted Policyholders and are between the ages of 15 and 65. Once you've signed up, your long-term savings plan will begin with a decreasing term life insurance policy. Establish a savings goal and a time frame in which you would like to reach your goal. Contract with your Golden Harvest Savings Plan provider to make regular deposits of a set amount. Answer one simple medical question to determine your eligibility for coverage. (Your financial advisor will guide you on this.)

Benefits & Special Features:

The Golden Harvest Savings Plan is designed for your financial success and protection, and your monthly deposits guarantee the achievement of your savings goals. In the event you pass away or become totally and permanently disabled, your organization will pay the total savings on your Golden Harvest Savings Plan account, plus insurance benefits (which equals your savings goal) to you, the insured, or your beneficiary.

There is no minimum savings goal, and no minimum monthly deposit. The maximum savings goal insured is determined according to your needs and subject to the organization's contract limit.

Once you have reached your savings goal, you can cash in for a lump sum and start making your dreams a reality!

Meet Alicia Hart – Senior Member Service Representative

1. Before working at IECCU, what was the most unusual or interesting job you have ever had?

ANS: Most persons are usually surprised when I mention this, but Summer of 2010, I ventured off to Sitka in Alaska and worked at a seafood processing plant. This was a standing 12-hour work shift, and I did this for about three months. I worked in the fish house section, which was a very fast-paced environment. I worked on both the gutting and panning line. Overall, it was a great experience, and it made me appreciate the hard work that goes into what is deemed as non- traditional jobs.

2. What do you like most about your job?

ANS: No two members are alike, so the interaction and customer engagement process are very much intriguing, as it allows me to tailor my mode of delivery to fit the uniqueness of each situation/member. Most importantly, it's the satisfaction of delivering exceptional customer service, especially when you have rectified someone's frustration of complications into a sigh of relief and appreciation.

3. What does a typical day look like for you?

ANS: My day has to begin with TEA, Yes, tea lol. It has such a calming effect! Usually, I like when all 'my ducks are in a row,' I write down the order of the day regarding non-interactive duties (postings, etc.).Then it would flow into assisting members with transactions (loans, withdrawal, queries, etc.); these are usually by walk-in or electronically submitted.

4. What would people never guess you do in your role

ANS: My role extends beyond that of a "Snr Member Service Representative" to lending an ear and providing sound and compassionate advice in other non-financial areas to both members and colleagues. You become the empathizer, advisor, counselor, etc. You wear many hats when you are exposed to diverse situations that you have to adjust accordingly or simply just multitask between the different roles.

5. What do you like to do in your spare time?

ANS: Leisure time is vital! Relaxation is a big thing for me, so any activities or anywhere that promotes this type of energy (beach, etc.). Also, I am a FOODIE, so trying new spots (restaurants) with friends (in or out of town) and reading.

6. Three words to best describe you:

ANS: Dependable, thoughtful and tenacious

7. What is your life, Motto, or personal mantra?

ANS: If you only act when you feel like it, you will never get what you want – Mel Robbins
